Subject: Fw: NRMRL's response to FOIA Request #01479-12 - revised index attached

Hi Leigh,

Attached is a revised Index of Responsive Documents from NRMRL for **HQ-FOI-01479-12**.

EPA-ORD-NRMRL index of documents responsive to HQ-FOI-01479-12.xlsx

I'm sending a hardcopy of the responsive emails via pouch mail; each email is marked with a post-it note referencing the index. We have determined that the documents originally attached to the emails are not responsive to the request (created outside of the requested date range), but let me know if you would like to review these and I'll send them along.

Thanks,
Suzanne

Subject: Records Collection re FOIA Request #01479-12

Hi All,

Please remember that all records related to this FOIA request are provided to OSP **through** the designated FOIA Coordinator for each LCO.

OSP is the ORD (and agency) lead and all ORD records are to be submitted to them but not directly from various staff members. The LCO FOIA Coordinators have a co-assignment for this case and are doing the oversight for their respective locations. They have already conducted the appropriate canvassing and notifications to their staffs related to this FOIA case.

The LCO FOIA Coordinators are the contact points for OSP if there are any questions related to LCO records. The LCO FOIA Coordinators will ensure that data to OSP is properly accounted for, identified, indexed and forwarded appropriately in conjunction with and in preparation for any FOIA rules/regulations that may occur later.

OSP is the central data collection point for all records and is responsible for a single ORD response letter to the requestor.

Let me know if you have any questions.

Thanks,

Abbie

Subject: FOIA Request #01479-12 - Review/Comments Required

Hi All,

Per the emails below, feedback from the subject matter expert indicates that more LCOs, in addition to OSP and NRMRL, and particularly IOAA, OSA, NERL, NCEA and NCCT should review this FOIA request for potential relevant records .

Accordingly, the case is re-assigned to all LCO's and OSP retains the lead. Let me have your comments and include no-record responses.

Thanks,

Abbie
